Health Policy

The best way to prevent illnesses is to prevent exposure. Therefore, we ask that you help us in maintaining a clean, healthy environment by keeping your child home if you observe any of the following symptoms/illnesses within 24 hours of attending SaFe Day School:

- Any contagious disease while still in the contagious stage
- Upset stomach, vomiting, or diarrhea
- Fever greater than 99 degrees
- Questionable rashes
- Persistent cough
- Discharge in or around eyes
- Conjunctivitis (pink eye)
- Green or yellow runny nose

If your child is observed having any of the above symptoms/illnesses, or develops other indications of illness during the day, you will be called to pick him/her up immediately.

If your child will be absent due to illness, please call the office by 9:30am to let us know.

If your child contracts a contagious disease, please notify the school immediately.

If your child needs medications prescribed by a doctor during school hours. You must fill out a form granting us permission to administer the medications and provide detailed instructions of dosage and times. All medications must be in original containers and will be kept in the Director's office. Over the counter medications will not be administered unless a written note is obtained from a doctor detailing dosage and time of administration. Please inform the office if your child has asthma and uses an inhaler. We will make appropriate arrangements and a meeting will be arranged with the child's teacher for instructions on administering the inhaler.

If your child is being treated with antibiotics, he/she should be on the drug for at least 24 hours before returning to school.

Please sign below, acknowledging that you are fully informed of this policy and its purpose.
